## Chapter 1 by Gyro

I hefted my blood butcher and held up the suspicious looking eye it glowed brightly for a second and disappeared suddenly I heard a loud roar and the Eye of Cthulhu came into sight.

## Chapter 2 by Jamiecx

This was no normal eye, it's intelligence was far more than a regular Eye Of Cthulhu. Each swing of the Blood Butcher was evaded.

I equipped his Platinum Bow, along with his Frost burn arrows. I shot until he could no more, only three arrows made contact.

This would solely be a magic battle.

I got out his magical spell book, of the water bolt. All the mana was used up, but it hit the Eye enough times for it's second form. I repeated the process after my mana replenished.

Then, the battle was over. I did it, I killed the Eye Of Cthulhu. Its rewards dropped down below his death area. It was the Shield Of Cthulhu, and some crimtane, crimtane would have been

useful before the fight

I left the arena, and went back home. After a long night, I rested until the next day.

Chapter 3 by Tilly A.H

I woke up. It was there again.

## Chapter 4 by Trevor

It had returned to get revenge on the writers from before that had misused their grammar. use words like "his frost burn arrows" when he had just use an I in the beginning of the sentence. no one should have a sentence like "I got his magical spell book" unless you are talking about someone else is books, but thats not the case in that sentence, and because of this the eye of Cthulhu is very mad and has returned.

Chapter 5 by ☆Sofia☆

I freaked out and ran towards my chest room.

I grabbed my favorite sword, Nights Edge. I charged towards Cthulhu at full speed! He dodged my attack!! I charged once more, and my almost unbeatable Nights Edge was thrown behind me!

I scrambled to my feet and tried to reach for my sword, I was being dragged away by the Eye of Cthulhu.

I almost thought I was a goner, until an arch wyvern came into view!

## Chapter 6 by Micah Goldfarb

It swerved around the eye. It moved so fast it looked like it was at a million places at once. The confused Eye started throwing out random attacks to try to hit the untouchable wyvern. The wyvern attacked the eye hitting once, twice, and three hit combo. The Eye at low health sent out all of it's available minions but it was not enough. The wyvern soared high in the high at a 90 degree angle. It made a sharp turn and rocketed towards the eye. With a direct blow to the pupil it was gone. All that was left of the Eye of Cthulhu was a bag, ores, and a couple of coins. Then the wyvern looked strait at me with an intense stare.

Edge! I struggled to break free of it's grasp, but i made it! I ran towards the house, and watched as the wyvern went through the walls and started killing all my NPCs! I fratically wondered what to do and raced towards my armor room! I grabbed my most powerful armor that also happened to have a boost on my attack! Perfect!

I ran at full speed once again, towards the wyvern this time. I thought the wyvern had no chance against me, now.

## Chapter 8 by ArcaneDraconus

Unfortunately, the arch wyvern was faster then me.

It grabbed me again, but I was ready. I attacked with my Blood Butcher but it was no use. I would have to get to the Night's Edge. I cut off it's tail and the arch wyvern dropped me. I ran to the blade when.....

Two massive eyes came out of the ground, one had a red iris while the other had a green one. Both eyes rammed into the wyvern and it was gone. Now the green one shot green orbs at me, Cursed Fire I thought, and the red one shot lasers out of it's pupil.

All I knew was that this was going to be a terrible night...
